Do you have 15 or 20 minutes tomorrow after staff meeting to discuss proactive communications plan. I have had two discussions with Brendan McCormick about setting up media opps for us and want to make sure you are cool with direction (stuff on national level....Cabarrus plan.....model community activity, etc.)

I also want to get your feedback on that communications outline I sent you with Stakeholder Plan.

Brendan is the man to make this happen. We're past Lindheim, Merlo and Pfeil. Need a written plan. Brendan and his consultants are on it and the three of them are in loop.
