Kathy,

He finally sent a fax (or Leah did) with a copy of 2 checks dated August 30, 1994 cashed by Bankers Trust September 6, 1994. Originally they were supposed to have been money orders. I have a call in to Susan Stephensen because we show 2 orders for them which were fulfilled and the back up copies of the express mail receipt dated August 31, 1994 was supposed to have contained 2 orders -- Leah's and Marks. I think the 2 original orders that Neodata sent us copies of represent those 2 checks and not a dart board. Will let you know.

Did you tell Bible's office that we think they are scamming us?

I'll keep you posted.
