Perhaps reaching out to them, with the promise of providing the agenda in the next week would be an alternate approach.

Let me know your thoughts.

Thanks.

Did you still want us to wait until we have the agenda (unless I missed it) before contacting them? Thanks for clarifying - SR

Sarah and Alison,

Please let us know as soon as you can on the status of the "Chairperson" invitations to Dr. Hochberg and Dr. Passik for the Pennsaid and Exalgo advisory board meetings, respectively.

Thank you for your expeditious help!
