Jensen & Son,
8 Fulwood Place,
High Holborn,
London WC1V 6HG.

Dear Sirs,

British and Foreign Patent Fees - June 1973

I refer to my letter of 16th May and confirm the telephone conversation with Mr. Cook today to the effect that it has been decided that certain overseas registrations in respect of the "LaForte" patent should now be maintained. The countries in question are as follows:-

Barbados and Rhodesia.

During the conversation you confirmed that the registrations in Jamaica and Trinidad will remain on file until the registration period expires and, consequently, no further action is called for with regard to these two particular countries.

In the case of Singapore I confirm that the patent is still in existence.

Yours faithfully,

c.c. Mrs. U. Ende

H&Mw.
