Dear Jan:

Thank you for your letter of March 27. I appreciated learning more detail about your conversations with the Philip Morris people at Neuchatel.

I am sorry that you have taken the decision not to join FTR, but understand your position. However, I would like to consider the matter still open, and to have the opportunity to talk to you about it at the time of the meeting of the Scientific Commission in Geneva. I look forward to seeing you then.

With best wishes to you and your family.

Sincerely,

H. Wakeham, Vice President
