Eastman Papers

I am sending you a copy of each of the following papers received from Dr. Seligman:

1. "Characterization of the Smoke from Cigarettes Treated with Sodium Nitrate" by R. E. Leonard and E. G. Miller, Jr.
2. "Animal Testing Experiments on Cigarette Smoke Condensate" by J. E. Kiefer and R. G. Mumpower, II

These are for you and your project's use. Please note that these papers are confidential and must not be quoted outside the Center. Should you wish to have copies made, be sure that you can account for all the copies. Please let Dr. Bailey see these papers.
