Dear Sirs,

Applications for RD 148 - Decorative Pack

In view of instructions, dated 5.8.76, from
 Legal Department, we are taking steps to allow the RD 148
 Applications and Patents to lapse.

In the case of the Australian Application No.58639/73,
 there was an outstanding Communication which we reported
 to you on the 20th May last. There is no need for you to do
 anything further in this connection.

On the Canadian Application No.177,387, there
 was an Official Report which we had not yet discussed with
 you. For your information, this Report cited Canadian
 Specifications Nos.702,993 and 808,717 and U.S.No.3,420,597.
 Copies are enclosed for retention with your records, but
 no action by you is necessary.

In the case of the U.S.Application, No.383,102,
 we have merely informed Mr.Mason of the abandonment of the
 other Applications, since the last decision about the U.S.
 Application was left by you to B&W.

Yours faithfully,

GROUP R & D CENTRE
