Att : Dr Helmut Reif
Director Science and Technology

Dear Dr. Reif,

Please find enclosed copies for your file of 2 articles on hair nicotine which have been submitted for publication in Pharmacology & Toxicology. If you have any comments, please let me know. It should be no problem to include these after I have received the comments from the journal referees.

Turid Nilsen from Bioanalytica, our collaborating laboratory on nicotine research, will write Ruth Dempsey a short progress report on our work and will also enclose copies for her of the 2 submitted articles.

With reference to the letter from Dr. Peter Martin of December 9th, 1992, and an oral agreement regarding my consulting activities in hair nicotine research, you will find 2 invoices enclosed.

Do not hesitate to contact me if you want to discuss matters concerning the work progress, economics, etc. I hope to see you in Neuchâtel in the near future for projects discussions; hopefully with the possibility of a prolongation of our joint project also for next year.

Yours sincerely,

Odd G. Nilsen
Professor,
Head of Department
