**Subject:** Revised SAP for the TES study: Final Version

Hi Qiwei,  
Hope all goes well. Attached is the Final Version of the SAP for the TES study. I have updated it with the agreed-upon changes: I have replaced Appendix A with the updated SAS program for the BRFSS from Bob Johnson, replaced Betty's name with yours, and renamed the SAP the Final Version (not Final Draft #15). I also updated our MedDRA version from 7.0 to 7.1 which it is currently. Please give me a call if you have any questions.

If you could fax me a copy of the title page with your signature, that would be great. Also, if you could, please fed-ex your original signature on two title pages - one for our records and another that I will sign and fed-ex back to you for your records, that would be great.

Thanks so much!  
Best regards,  
Eileen
