Dr. T.S. Osdene,  
Chemical and Biological Research Division,  
Philip Morris Incorporated,  
Research Center,  
P.O. Box 3D,  
Richmond,  
VIRGINIA 23206.

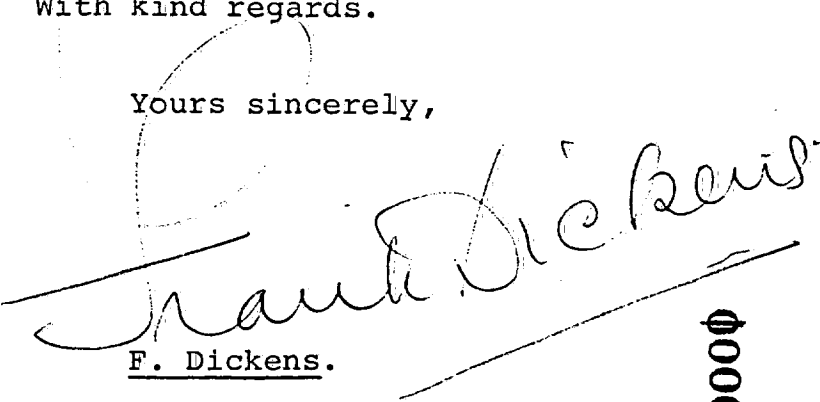

Dear Dr. Osdene,

Thank you for your letter of May 27th, and I am glad that you enjoyed your visit here, and on our part it was a pleasure to meet you and Dr. Fagan on that occasion.

As soon as the publication on the inhalation machine is available we will make a note to send you a copy. The paper is at present being written up for publication, but there will be some delay owing to Dr. Brian Davis being away on vacation.

With kind regards.

Yours sincerely,

  
F. Dickens.
