FRANCE.

PRIVATE AND CONFIDENTIAL

Dear Mlle Le Gars,

Porosity Cross Check

We thank you for your letter of the 2nd January, 1975, and apologise for your attention the porosity samples from the last Technical Meeting. Some of these samples have become slightly damaged due to handling; however we hope that they are satisfactory for your check tests.

We are pleased to note your agreement to prepare fresh samples for a porosity cross check at the end of February, and we look forward to receiving these samples in due course.

Yours sincerely,

(T.J. DASHLEY)
